A Karen DeCrow Appreciation

June 14, 2014 By Warren Farrell – 91 Comments

Karen DeCrow and I were friends for more than 40 years. In the early 70's, when she was President of NOW (the National Organization for Women) and I was on the Board of NOW's NYC chapter, she asked me to run NOW's Task Force on the Masculine Mystique. When others protested my incorporating expanding liberation toward men, Karen supported me.
