

Capital University Law School is particularly proud of the accomplishments of its graduates. Presidents of the Ohio State and Columbus Bar Associations, members of Congress and several state legislators, federal and state judges, partners in all of the major law firms in central Ohio and increasingly in all of the major cities around the country, leaders in business, finance, and real estate development, are numbered among the 6,000 Capital Law graduates throughout the country.

This WAS (2004 until 2010) a “dba” of the university not the Law School within the University). What about the other two centers? (I underlined). It does not have, per donors I saw, a separate EIN#
