Injury Prevention and Control Research and State and Community Based Programs

National Center for Injury Prevention and Control

Number: 93.136

Agency: Department of Health and Human Services

Office: Centers for Disease Control and Prevention

Program Information

[Back](#)[Print](#)

Authorization (040):

Public Health Service Act, Sections 301, 317, 391, 392, 393, and 394, as amended, 42 U.S.C. 241.

Objectives (050):

RESEARCH GRANTS: (1) To support injury control research on priority issues; (2) to integrate aspects of engineering, public health, behavioral sciences, medicine, engineering, health policy, economics and other disciplines in order to prevent and control injuries more effectively; (3) to rigorously apply and evaluate current and new interventions, methods, and strategies that focus on the prevention and control of injuries; (4) to stimulate and support Injury Control Research Centers (ICRCs) in academic institutions which will develop a comprehensive and integrated approach to injury control research and training; and (5) to bring the knowledge and expertise of ICRCs to bear on the development of effective public health programs for injury control.

STATE AND COMMUNITY PROGRAM GRANTS/COOPERATIVE AGREEMENTS: To develop, implement, and promote effective injury and violence prevention and control practices.

Types of Assistance (060):

Cooperative Agreements; Project Grants

Uses and Use Restrictions (070):

Funds are available for costs directly attributed to the performance of research and demonstrations of surveillance or interventions/evaluations programs pertaining to injury prevention and control plus certain direct costs of the grantee in accordance with established policies of the Public Health Service. Grantees may not award subgrants but may enter into contracts as necessary to achieve the aims of the program.

Eligibility Requirements (080)

Applicant Eligibility (081):

For INJURY PREVENTION AND CONTROL RESEARCH PROGRAMS, AND INJURY CONTROL RESEARCH CENTERS: Eligible applicants may include any nonprofit or for-profit organization; for STATE AND COMMUNITY PROGRAM GRANTS/COOPERATIVE AGREEMENTS: State and local governments or their Bona Fide Agents (this includes the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of

GENERAL INFORMATION

Assistance Types:

Palau) and political subdivisions of States (in consultation with States), Federally recognized or state-recognized American Indian/Alaska Native tribal governments, American Indian/Alaska native tribally designated organizations, Alaska Native health corporations, Urban Indian health organizations, Tribal epidemiology centers; for COMMUNITY-BASED PROGRAMS: public, private, nonprofit and for-profit organizations may be eligible.

Beneficiary Eligibility (082):

FOR RESEARCH GRANTS: Academic health centers, scientist/researchers, operational public health programs, State and local governments, and public and private organizations involved in injury research. FOR STATE AND COMMUNITY-BASED GRANTS AND COOPERATIVE AGREEMENTS: State and local health departments, and community-based organizations.

Credentials/Documentation (083):

For all nonprofit grantees, costs will be determined in accordance with HHS Regulations 45 CFR 74, Subpart Q. For-profit organizations' costs are determined in accordance with the Federal Acquisition Regulations, 48 CFR 31. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Application and Award Process (090)

Preapplication Coordination (091):

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures (092):

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is subject to the provisions of 45 CFR Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations, as appropriate. Funding Opportunity Announcements for this program are posted on www.Grants.gov, the official federal agency wide e-grant Web site. Application forms and instructions specific to each announcement are posted at that site. Electronic Submission: CDC strongly encourages the applicant to submit applications electronically by utilizing the forms and instructions posted on www.Grants.gov. Registering your organization through www.Grants.gov is the first step in submitting applications online. Registration information is located in the "Get Started" screen of www.Grants.gov and the one-time registration process will take three to five days to complete. While application submission through www.Grants.gov may be optional for various announcements, we strongly encourage you to use this online tool. Please visit www.Grants.gov at least 30 days prior to filing your application to familiarize yourself with the registration and submission processes. We suggest submitting electronic applications prior to the closing date so if difficulties are encountered, you can resolve them prior to the deadline. For further assistance contact GrantsInfo, Telephone: (301) 435-0714, E-mail: GrantsInfo@nih.gov. For the hearing impaired: TTY (770) 488-2783. If you do not have access to the Internet, or if you have difficulty accessing the forms on-line, you may contact the CDC Procurement and Grants Office Technical Information Management Section (PGO-TIM) staff at: (770) 488-2700. DUNS Number: Applications must have a Dun and Bradstreet (D&B) Data Universal Numbering System number as the universal identifier when applying for Federal grants or cooperative agreements. The D&B number can be obtained by calling (866) 705-5711 or through the web site at <http://www.dnb.com/us/>.

Award Procedure (093):

Applications will be reviewed for completeness by the Procurement and Grants Office (PGO) staff, and for responsiveness by the National Center for Injury Prevention and Control and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance through the review process. Applicants will be notified the application did not meet submission requirements. Successful applicants will receive a Notice of Award (NOA) from the CDC Procurement and Grants Office. The NOA shall be the only binding, authorizing document between the recipient and CDC. The NOA will be signed by an authorized Grants Management Officer, and mailed to the recipient fiscal officer identified in the application. FOR RESEARCH GRANTS: Applications that are complete and responsive to the announcement will be evaluated for scientific and technical merit by an appropriate peer review group convened by NCIPC in accordance with the review criteria stated below. All applications will: undergo a selection process in which only those applications deemed to have the

highest scientific merit, generally the top half of applications under review, will be discussed and assigned a priority score; receive a written critique; receive a second level of review by the Board of Scientific Counselors. FOR NON-RESEARCH GRANTS/COOPERATIVE AGREEMENTS: Applicants are required to provide measures of effectiveness that will demonstrate the accomplishment of the various identified objectives of the grant or cooperative agreement. Measures of effectiveness must relate to the performance goals stated in the "Purpose" section of the announcement. Measures must be objective and quantitative and must measure the intended outcome. The measures of effectiveness must be submitted with the application and will be an element of evaluation. An objective review panel will evaluate complete and responsive applications according to the criteria listed. The objective review process will follow the policy requirements as stated in the GPD 2.04, <http://198.102.218.46/doc/gpd204.doc>.

Deadlines (094):

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time (095):

From 90 to 120 days.

Appeals (096):

Not Applicable.

Renewals (097):

From 90 to 120 days. Renewals are made by competitive applications and reviews.

Assistance Consideration (100)

Formula and Matching Requirements (101):

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance (102):

From one to five years (noncompeting renewals based on availability of funds). Method of awarding/releasing assistance: lump sum.

Post Assistance Requirements (110)

Reports (111):

Equipment inventory (three months after end of project); invention statement (annual) and reprints and copies of resulting publications. No cash reports are required. Interim progress report (annual)and final performance report (three months after end of project). For Injury Control Research Centers, an annual progress report is also required. For Applied Methods in Surveillance, and State and Community-Based Injury Control Programs, semi-annual progress reports are also required. Federal Financial Reports (annual). Final performance report (three months after end of project). For Injury Control Research Centers, an annual progress report is also required. For Applied Methods in Surveillance, and State and Community-Based Injury Control Programs, semi-annual progress reports are also required. Site visits performed as needed/required.

Audits (112):

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records (113):

Financial records, including documents to support entries on accounting records and to substantiate
