

Commentary:(1) Looking myself for ANY audited financials of WestEd (NO links to anything similar or related show on its website, top, middle, or on the footer links (columns of them!) at the bottom., such as might be found in other corporate or governmental websites, if one looks carefully, or clicks on a tangentially related link and drop-down menu. WestEd, a JPA, by contrast, offers NOTHING. BUT, I found this RFP for independent audit services for YE2017 (and 2018 and 2019, if WestEd approves).
